# FOREWORD

2017006

*The Senior Class presents this Epitome as a record of our school days. The happy times we are having at old H. H. S. will soon pass and we will go to meet and overcome the problems of a strenuous world, but the memories of old H. H. S. will remain with us. We have tried to make this book what its name means a "Review." It is our hope that this Epitome may in years to come recall to us scenes and friendships of our high school days.*

## IN MEMORIAM

*We, the staff, have by dint of hard work and whole-hearted cooperation on the part of students and teachers, edited this book, ever keeping in our minds the memory of those alumni of our school who have passed on into the Great Beyond, those who have bettered the world by their brief stay here.*

# DEDICATION

*To him to whom we are indebted for the naming of our annual, to him who is no longer included in the annals of the living, to Vellet Benbow, our alumnus of 1921, we, the class of 1930, respectfully and sincerely dedicate our annual in the hope that those who read our Epitome will render to him the homage he deserves as the namer of this book.*

*I consider a human soul without education like marble in a quarry, which shows none of its inherent beauties until the skill of the polisher sketches out the colors, makes the surface shine, and discovers every ornamental cloud, spot, and vein that runs throughout the body of it.*

—Addison.

Build thee more stately mansions, O my soul  
As the swift seasons roll!  
—Oliver Wendell Holmes.

Greatly begin! though thou have time  
Not failure, but low aim, is crime.  
—James Russell Lowell.

Those tinkling melodies  
That sing where brooklets meet.  
—Punch.

Books are paths that upward lead;  
Books are friends. Come, let us read.  
—Emilie Poulsson.

### SCHOOL BOARD

We wish to take this opportunity for thanking members of our efficient school board for their labor in providing for us the splendid system of both mental and physical education which we have had during the past year and for their contributions in making it successful. They are to be complimented on the staff of capable teachers which they chose. We feel that much of the progress that we have made during the past year is due to Mr. Pierce, Mrs. Waltz, and Mr. Allen.

SENIORS

# SENIOR CLASS '30

We began our years of instruction as amateur gondoliers in the fall of '26, and, though our crew has been lessened by the departure of a few of our fellow-oarsmen, we have become quite proficient in the handling of our gondola. Under the tutorship of our former sponsors: Mr. Cory, Mrs. McCurdy, Mr. McNary, Miss Johnston, Mr. Cain, and our present chiefs, Miss Van Horn and Mr. Craw, the majority of us are comparatively capable of "paddling our own canoes." With this hopeful outlook and with our gallant gondolas heaped high with sweet peas and with our blue and white flag bearing the words "Life is a picture, so paint it well" flying gaily from the prow of our ship, we are sailing through the last portal of our cruise, where we shall have to disembark and apply the knowledge gained during our four-year voyage to the managing of our individual gondolas.

## " 'TIS SWEET TO HEAR"

At midnight on the blue and moonlit deep  
 The song and oar of Adria's gondolier,  
 By distance mellowed, o'er the waters sweep;  
 'Tis sweet to see the evening star appear;  
 'Tis sweet to listen as the night-winds creep  
 From leaf to leaf! 'tis sweet to view on high  
 The rainbow, based on ocean, span the sky.  
 'Tis sweet to hear the watch-dog's honest bark  
 Bay deep-mouthed welcome as we draw near home;  
 'Tis sweet to know there is an eye will mark  
 Our coming, and look brighter when we come;  
 'Tis sweet to be awakened by the lark,  
 Or lulled by falling waters; sweet the hum  
 Of bees, the voice of girls, the song of birds,  
 The lisp of children, and their earliest words.

—George Gordon Byron.

# UNDERCLASSES

### JUNIOR CLASS

At the beginning of the year the Junior Class started with fifty-four members. At the first class meeting Homer Scott was chosen president; and Emma Allread, secretary-treasurer.

On October 31, they gave a Halloween party. Everyone either came masked or he had to pay a forfeit. Many games and contests were enjoyed by the students. Later in the evening refreshments were served in keeping with the time.

In November the class rings came. The rings were green gold, and were decorated with the class colors, red and white, and the word Hagerstown was engraved on them also.

December 18 and 19 the Juniors gave their class play, "The Whole Town's Talking."

March 19 the Juniors served the dinner at the Mother-Daughter banquet. Next year the 1930 Juniors will add laurels to the annals of the school.

### SOPHOMORE CLASS

This group of students embarked on their perilous high school voyage in 1928 and have lost very few of their crew, which is as lively a gang as one would find anywhere. But who could blame them? Look at their officers! Earl Rhinehart for president, and who should be their secretary-treasurer but Iva Beeson, and the sponsors, Miss Johnston and Mr. Lester!

They are hoping to graduate in '32 and if they continue as they have begun, they will probably sail through with flying colors.

### FRESHMAN CLASS OF '33

The Freshman Class started with over fifty students, several coming from various townships other than Jefferson. Many were on the honor roll, and several had the privilege of attending the Honor Student Banquet.

The officers were Goldie Nicholson, president; Jimmie Stamm, vice-president; Maxine Daugherty, secretary and treasurer. Miss Morris and Mr. Heniser were sponsors.

There were two parties, the first being a Halloween at which most came masked, even the sponsors. The other was a hike which took place immediately after a school day.

THE EPITOME

EIGHTH GRADE

This class entered the high school for the first time as students in 1928 with an enrollment of fifty-one members. They have developed rapidly into promising young men and women under the leadership of Mr. Sedgwick and of their class president, Roberta Ulrich. Contrary to the behavior of most eighth-graders, some of this class have displayed remarkable studious ability, and they have managed to keep the hilarious remainder quieted down sufficiently to keep them from being ousted from the inspiring and uplifting company of the upper classmen.

### SEVENTH GRADE

The members of this class entered the portals of H. H. S. for the first time this year, and, from all appearances, were quite glad to be included among their fellow-students. They chose for their sponsor, Mr. Van Deventer, and their class president, Morris Foutz.

They constituted quite a healthy and peppy bunch—to judge from the number of paper wads that flew back and forth in Mr. Van Deventer's assembly! Never mind, children. Even the Seniors were little once, impossible as that may seem!

*To stand with a smile upon your face  
against a stake from which you cannot get  
away—that, no doubt, is heroic. But the true  
glory is resignation to the inevitable. To stand  
unchained, with perfect liberty to go away,  
held only by the higher claims of duty, and let  
the fire creep up to the heart—this is heroism.*

*—F. W. Robertson.*

# ACTIVITIES

### EPITOME STAFF

This group of students is responsible for the publishing of the annual, the Epitome. They, of course, are quite certain that their edition of the Epitome is one of the best ever published by H. H. S.

The students privileged to be on this staff are :

- Voyle Allen—Editor-in-chief.
- Martha Short—Business Manager.
- Dolores Gray—Advertising Manager.
- Vivian Taylor—Literary Editor.
- Gene Worl—Athletic Editor.
- Lawrence Bogue—Joke Editor.
- Margaret Anderson—Calendar-Will.
- Mildred Burroughs—Prophecy—Can You Imagine.
- Josephine Davis—Dedication Editor.
- Russell Roth and Charles Taylor—Snapshot Editors.
- Dorothy Hogue and Anna Belle Harris—Art Editors.

### GIRLS' GLEE CLUB

The Girls' Glee Club was a popular organization, as can easily be determined by the number of its members—fifty. The girls studied and practiced three-part songs and memorized several. This club participated in the annual high school concert of the music department under the direction of Miss Neff, who has so ably contributed to the welfare of the school by providing the main source of its musical entertainment.

### BOYS' GLEE CLUB

Thirty-two boys in the high school decided that the musical education they could get by becoming members of the Boys' Glee Club would be worth the work they would put in; consequently they entered this club. Their sponsor and teacher, Miss Neff, has been highly complimented upon her tutelage, for this organization has proved to be one of the most popular organizations of the school. The boys sang at the glee club concert and were enthusiastically received.

### VOCATIONAL AGRICULTURE

There were thirty-one boys enrolled in vocational agriculture—eighteen in the morning section and thirteen in the afternoon section. The first division was composed of students of the freshman and sophomore classes. This first division studied animal husbandry and biology. The afternoon section which consisted of juniors only, studied soils and crops the fifth and sixth periods of the afternoon and worked in the farm shop the seventh and eighth periods.

All members of this department went to the State Fair on September 30, and this proved to be an enjoyable as well as a profitable trip. Mr. Munro, the guide and teacher, showed the boys livestock and educational exhibits.

The vocational agriculture classes won several prizes from the Palladium Corn Club in county competitions. The highest and second highest corn yields in the county were raised by members of this department. One first, two seconds and two fourth places were won by the vocational members in the County Corn Purdue Round-Up.

At the local corn show, Gene Culy won a trip to the Purdue Round-Up in two competitions—corn and potatoes. Because of his going last year he relinquished his privilege to Donald Lester, who won second in potatoes, and Ralph Stohler, who won second in corn.

### HOME ECONOMICS

The home economics class of 1929 and 1930 was made up of twenty-three girls divided into two sections—one section taking foods, the other clothing. The second term the girls changed classes.

In the first unit of the foods section the girls learned the value of a variety of foods, the way each food helped in nourishing the body, cooking, preparing and serving a meal. The second unit had to do with the girl's own bedroom, which was studied for three weeks. In this unit the girls enjoyed discussing and improving their ability to keep their room clean and orderly in as little time as possible. In the child development unit the girls were to undertake the task of doing each of the following things: teaching a child new games, teaching a child to eat something it did not like, and to break some disagreeable habit.

In the clothing section there were also three units. The first was a three weeks' course of home relationships. In studying this the girls learned that in order to have a happy home several things are needed, but the most necessary one is a pleasant atmosphere. Pajamas, a suitable school dress, and a child's two-piece suit were the projects.

### LATIN CLASS

The Latin Class studied "First Year Latin" by Magoffin and Henry, and found it very interesting. They read also in "Classical Myths That Live Today". The entire class entered the local Latin contest in which Idohla Bell and Hazel Smith made the highest grades. They also worked on a unique practice book of Latin hurdles. Hazel won second place in the county contest.

The members of the class were Vesta (Mary Alice) Beeson, Juno (Frances) Coutts, Iris (Helen) Smith, Diana (Mary Louise) Reed, Laton (Ruth) Dennis, Daphne (Blanche) Adams, Aurora (Idohla) Bell, Ceres (June) Walters, Proserpina (Ruth) Anderson, Minerva (Lucille) Elliott, Andromeda (Hazel) Smith, Pomona (Martha) Dennis, Rhea (Mary Ellen) Cross, Venus (Iva) Beeson, Ariadne (Mildred) Kinsinger, Hebe (Louise) Frantz, Europa (Dorothy) Brown, and the teacher, Arethusa (Miss) Morris.

### SPANISH CLASS

The first year Spanish Class had thirty students, who worked in verb tablets, grammar rules and studies of Spanish countries. The last two months of the year the class read a Spanish book of short stories.

The second year Spanish Class, a peppy group of students, translated and learned Spanish songs, read three books and a Spanish newspaper, "El Eco." In outside work they read a one hundred-page book and wrote a theme on some South American country. In class work they took turns as teachers and all reading and questioning was done in Spanish. Oral descriptions of objects, flowers, vegetables, pictures, people, etc., added to class interest. They took several spring hikes and described in Spanish the objects of interest seen.

### GIRL RESERVES

There were seventy girls in the Girl Reserve Club this year, the seventh year of its organization. The theme of the year was, "It Pays to Advertise." Each meeting carried out this theme by a sub theme from some well-known advertisement. The cabinet members were: President, Martha Ellen Short; vice-president and membership chairman, Edith Hogue; secretary, Priscilla Parsons; treasurer and financial chairman, Thelma Hosier; program chairman, Anna Belle Harris; social chairman, Emma Allread; publicity chairman, Mary White; Mother-Daughter banquet chairman, Rhea Brooks; service chairman, Bernice Hormel; ring standard chairman, Doris Davisson; music and dramatics chairman, Eloise Brumback.

The ideals of the club are embodied in the following lines inscribed to the Girl Reserve by Emily T. Goding, formerly of the national board staff:

"Everywhere, always, in success, in shadow, in joy, in disappointment, in success, in defeat,—we, the Girl Reserves of America, follow the gleam. If we fall, we rise to face the light; if once we fail, we fight again to win; we cannot lie lonely—we stand together. From North to farthest South, from East to distant West ours is the surest quest, we know the One we follow."

### HI-Y CLUB

The Hi-Y Club had the following officers this year: Voyle Allen, president; Ralph Bruce, vice-president; Homer Scott, secretary; Merle Shafer, treasurer.

The purpose of this club was to create, maintain and extend throughout the school and community high standards of Christian character. Its motto was, "Let's stand for Clean Speech, Clean Sports, Clean Living and Clean Scholarship."

The outstanding features of the club's work were as follows: A book sale held at the first of school, Father and Son banquet, Father and Son Sunday, furnishing programs and speakers for school chapels, furnishing chapel program for Ball State Teachers' College and program for Methodist Brotherhood meeting on February 12, sending one of the largest delegations to State Older Boys' Conference, of which Charles (Bud) Smith was elected vice-president, and sending delegation to Henry County Older Boys' Conference.

We're loyal to you, dear Hi-Y;  
 You'll find us true blue, dear Hi-Y;  
 We'll back every move,  
 For we know that you'll prove  
 What's the right thing to do, dear Hi-Y—Rah! Rah! Rah!

### ART DEPARTMENT

The high school art department had an enrollment of ten students the first semester, most of whom were advanced art students. After they had had a month's instruction in mechanical and free hand drawing, including design and sketching of landscapes, they were allowed to follow the line of work in which they were most interested. The combination and application of color were practiced by the use of water colors and oil paints.

The enrollment the second semester consisted of eighteen students. A new feature added to the class work was the making of an art notebook entitled "Art in Daily Activities". The handicrafts studied included stenciling, leather tooling and painting, Gesso work, and fabric painting which was tie die and Batik work.

The art department was one of the most interesting and valuable assets of the school, and the students acquired much ability under the supervision of Miss Leaird.

### EXPONENT STAFF

The Exponent staff was a group of students who wrote up the school news and turned it in to the Hagerstown Exponent office where it was printed in the Exponent. On account of increasing co-operation between students and reporters, a large amount of news was printed each week.

The members were as follows:

Maurine Muterspaugh—Editor-in-chief.

Doris Paddock—Assistant Editor-in-Chief.

Miss Morris—Advisory Sponsor.

The student reporters were Rhea Brooks, Margaret Anderson, Clementine McConnaughey, Don McCullough, Bruce Abbott and Mary Hall. The typists were Pauline Lannard and Lillian Wantz.

When comes another singer, there will be room for another song.

—Florence Earl Coates.

### COMMERCIAL DEPARTMENT

In the typewriting department there were seventy students enrolled. Each month award tests sent by the typewriter companies were given and the following awards were made: Certificates, twenty-two; bronze pins, six; silver pins, four.

There were twenty-two students in bookkeeping and approximately twenty-two of them were "swamped" just about all of the time.

In the Junior shorthand class there were twenty-nine students. This class studied the basic principles of shorthand writing. There were ten Seniors enrolled in the advanced class. During the first semester much stress was put on taking business letters at a high rate of speed. The second semester's work consisted of secretarial work.

This department was represented in the commercial contest held in April.

### ORCHESTRA

Hagerstown was proud of its high school orchestra, which was composed of twenty-nine pieces, and besides furnishing the music for school chapels and programs, played for many outside functions. The following was the personnel of the members:

Piano, Edith Waltz; drum, Charles Taylor; clarinets, Howard Lumpkin, Jimmy Stamm, Dean Parsons, Eugene Drake, Bruce Abbott; cornets, Harold Fox, Carl Hoover, Lewis Gray, Donald McCullough, Irvin Miller; violins, Mildred Burroughs, Anna Belle Harris, Frank Spinner, Hazel Smith, Blanche Adams, Dorothy Cox, Larthenia Coomes, Wendell York; saxophones, Erma Fudge, Lloyd Kuhn; trombone, Gene Worl.

### HARMONICA BAND

This musical organization, the Harmonica Band, composed of ten members, made marked progress during the year. Miss Neff had charge of this, as well as all other branches of musical study in the school. The club participated in the annual music concert given by the school. The following students were members: Reba Rinehart, Edith Waltz, Woodrow Ulrich, Charles Smith, Lewis Beeson, Mary Brown, Virginia Harlan, Margaret Talbert, Helen Yoke, Dorothy Rinehart.

## SCIENCE

The biology class was composed of thirty-five students, who made tree studies, leaf, grasshopper, crayfish and frog collections. Hikes and special investigations added to the class interest.

The physical geography class, which consisted of eighteen pupils, studied contour maps and government daily weather maps.

The above classes organized Junior Audubon Clubs, which studied beneficial and harmful bird identification, bird enemies, and fed the birds during heavy snows.

The physics department was made up of fifteen students who performed various experiments with radios, movie machines, electricity, etc.

Movie reels pertaining to the above subjects were used in each department.

### MANUAL TRAINING

Some very nice and useful things were made by the fifty members in the manual training department this year under the instruction of Mr. Sedgwick.

The boys made forty-five sewing cabinets, making a total of one hundred and twenty sewing cabinets made in the shop, and seven spinet desks were made. Some eighth grade boys constructed bedside tables, porch swings, tilt top tables, airplanes, end tables, candle holders, library tables, and many other useful articles. The boys were lucky in getting by with only one bad accident.

### BOARD OF CONTROL

The purpose of the board of control was to care for the funds of all the different organizations and classes. All of the treasurers of classes and organizations were members of the board. The treasurer of the board of control took care of all the money taken in and wrote all checks.

The members of the board of control were as follows :

Mr. Craw .....	President
Helen Smith .....	Treasurer
Miss Van Horn .....	Advisor

### THE JUNIOR PLAY

The Juniors of 1930 surely did know how to produce a play. They demonstrated this ability when their play, "The Whole Town's Talking," went over as it did.

The following is a resume of this creditable production: The heroine, Ethel Simmons (Clementine McConnaughey), finds she is in love with Chester Binny (Homer Scott) instead of the dapper Frenchman, Monsieur Roger Shields (Everett Davisson). Many amusing complications occur because of Mr. Simmons' (Gene Culy) affair with the chorus girl, Sadie Bloom (Mildred Beeson) and Chester's supposed affair with the movie actress, Letty Jythe (Priscilla Parsons). Letty's lover, Donald Swift (Bud Smith), appears on the scene at a crucial moment and greatly annoys Mrs. Simmons (Emma Allread). Ethel's girl friends, Lila and Sally Wilson (Beulah Wheeler and Carolyn Pierce), the maid, Annie (Rhea Brooks), and the taxi driver (William Clark), are the other characters.

### SENIOR PLAY

"The Arrival of Kitty" was given on February 18 and 19 with record crowds attending. It can truthfully be said that the play was a wow! The plot revolves around the various love affairs of Jane and Bob (Dolores Gray and Lawrence Bogue), Aunt Jane and Mr. Moore (Margaret Anderson and Russell Roth), Kitty Benders and William Winkler (Martha Short and Gene Wolf), and is livened by many humorous occurrences, many of which are furnished by Sam and Ting (Frank Spinner and John Shafer).

The background is supplied by Anna Belle Harris as Suzette, the demure little French maid.

Ting and Sam are in charge of the Halcyon House and are agreeably surprised to hear that William Winkler, Aunt Jane and Jane are to be guests. Bobbie Baxter discovers that Jane is his lost sweetheart and a very amusing "comedy of errors" follows. Benjamin Moore makes love indiscriminately to Jane, and Bob, disguised as Kitty and is admired by Aunt Jane. William Winkler is satisfied with his Kitty and his twenty thousand dollars, as are all the rest of the characters except Benjamin, who no longer cares what happens to him since he is to be married to Aunt Jane of the long nose.

# HONORARY PAGE

### THE KITTENS

The Kittens enjoyed a fairly successful schedule, losing only three games.

The season started with Brown and Stohler filling the forward positions, Lester as pivot man and Davisson and York at the guard posts.

During the course of the season Brown, Lester and Davisson were transferred to the varsity team. These men were three of the ten men certified for the sectional.

The second team will furnish valuable men for the Tiger squad next year, as only two men were lost by graduation.

## BASEBALL

The Tiger baseball squad enjoyed the most successful season in the history of the school.

The Tigers won their first game of the season by defeating Lincoln of Cambridge City. The score was 9 to 7. The Tigers then won two more victories over Greensfork and Williamsburg. The score was Greensfork 4 and Hagerstown 7; Williamsburg 2 and Hagerstown 7.

The next two games were lost to Cambridge City and Greensfork. The score of the Cambridge City and Hagerstown game was 4 to 1, Cambridge City. The Greensfork team scored six runs while the Tigers scored four.

The last game was won by a 13 to 0 score over Williamsburg. The Greensfork team defeated Cambridge City on the same day as the Williamsburg victory. This left the following record:

Hagerstown won four and lost two.

The Tigers and Cambridge City were tied for the western district championship. The game was played at Lake Wehi and the Tigers won, 1 to 0. Dewayne Keeling pitched excellent ball that evening and the hits by Murray and Virgil Keeling scored the only tally.

The county championship was played between the Tigers and the Boston Terriers. The Terriers, with Bennett pitching, won by a 4 to 0 score. The school received a banner for being the runners-up for the championship.

### GIRLS' BASKETBALL

Twenty-five girls reported for basketball last fall, most of them being new material. No games were played until the second semester because of lack of practice and experience on the part of the girls. Although the season could not be called a success in the number of games won, a large group of girls were given the opportunity to play, and at the end of the year a working group was making good progress which will help prospects for next year.

An effort was made to give more girls a chance to learn basketball, with a few intra-mural games at noon, and in the physical education classes. This afforded those who could not stay after school a chance to participate in school athletics. In one class a foul shooting contest was held, and inter-class basketball was played for one month in preparation for the inter-class tourney in March.

Awards of letters and sweaters were made to a few girls, sweaters going to the Seniors who had played three years and won letters.

The teams played during the semester were Centerville, Cambridge and Economy. The most interesting games played were those with Cambridge.

## THE TIGERS

### Emmett Pegg

Emmett has been with the Tigers for three years. Pegg can be counted on for seven to twenty-two points in every game.

### Bud Smith

The Junior center is remembered by every opposing team. The fans will not forget Bud's eight field goals in the Morton game.

### Eddie Williams

Eddie was Emmett's running mate for most of the season. Eddie is not much of a scorer, but has the spirit of a fighting Tiger.

### Wilbur Troth

Wilbur played floorguard this season. His accurate shooting in time of need made him a popular hero among the backers of the Tigers.

### DeWayne Keeling

D. Keeling was the stone-wall backguard. He was noted for holding the greatest scorers of the county to a few points.

### Voyle Allen

Voyle was used as center this season. His ability to outjump opposing players made him a valuable man. He was a Senior this year.

### Virgil Keeling

Virgil alternated with Eddie to fill the other forward position. Virgil's ability to hit longs made him a marked man in every game. Virgil was another Senior lost by graduation.

### Robert Lester

Bob started the season as center on the second team, but was shifted to the guard post. He was used as reserve guard in the last scheduled games, but has two more years with the Tigers.

### CLASS PROPHECY

Ollif Canady a great pianist for a large jazz orchestra. Of course, she uses a player piano, but she has won her ability to pedal. She is assisted by the well-known jazz king, Clarence.

Ruth, Frank, Thelma and Woody all four have crossed the great river into the blue grass country. We need not be surprised, though—still water runs deep.

Mildred F. and HER Jimmy are carrying their troubles together now. Yes, it finally happened.

Johnnie Shafer made his debut on the French harp, and due to his huge success he has a contract with a large symphony orchestra.

Gertrude is helping the milk man, our own Russell. Yes, we were all shocked, but her Howard proved to be a poor provider and the poor girl had to do something to get her bread and butter.

Gene W. is really a good dentist. Just one word before going there to have work done: "Have you your life insured?"

Ola May. Oh, yes. She is married, but we haven't any reports as yet.

Marjorie Beeson is a second Amelia Earhart, having gone to an aviation school after leaving H. H. S. She has as her assistant, Geneva Gordon.

Anna Belle is now quietly turning the handle of a separator and gathering eggs on Voyle's farm. You should see their two curly headed children.

Dolores, our experienced nurse, is only taking care of herself. We wonder, too—Where's Larry?

Dorothy Hogue, our quiet, ever smiling, plucky Senior of 1930 has entered matrimony with that "certain party"—Guess Who!

Yes, it's so. Emma sure made a hit on Broadway!

Louva, well now, her love for all boys turned out to end on none—however, here's just a hint—She has one almost landed in New York and on Fifth Avenue, too.

Doris and Margaret are working hard on a new "All Talkie" production, under the direction and supervision of Merle Shafer. They both profess to be old maids.

THE EPITOME

Lorene is a very good bus driver. Her policy is—Never Be Late. She sure looks stunning in her khaki.

Pauline is really going round in circles—She and Gene C. are married, you see. “You’d really be surprised,” she says, “things turn out so differently than one could imagine.” No apple pie there.

Ester Gene, Dalton’s one time flapper, is now engaged in taking care of Sam. Love goes in all directions, doesn’t it?

Virgil has become a strong prize fighter and through his fighting ability has won the hand of Clara Bow.

Josephine Davis, a highly educated, modern cook, is now cooking for two. No, we don’t know who and can’t even imagine.

Mildred’s curly head and she are still hanging out together—the two that stick—jerkily.

Vivian Taylor is a member in the U. S. Senate. She always thought that her working ability would lead her to some great work for her country. Guess she was right.

Lucile Bess is teaching her children how to make A’s as she did. Her work is no easy job.

Esther Dennis has nothing else to do, so she is riding around the world on a bicycle. No, we do not know what she will do when she comes to the ocean, probably use the tires for a flat boat.

Josephine Sullivan is working hard, as a secretary for Charles, the Class of 1930’s Henry U. Johnston.

Maurine Mutterspaugh is a roller-skating expert and has become the United States champion in roller-skating. She plans to compete with the other nations’ representatives in Europe for the world’s championship. We wish her the best of luck.

Lillian Wantz is busy on the top floor of a huge sky scraper, keeping books for Florence Lester, a wealthy manufacturer in New York City.

Paul Ellis has a four-story insurance building. He has good business. No wonder, his stenographer Nellie, is so popular.

Ren (Gene Reynolds) is a great naval commander. He goes to Africa quite often to see Martha.

### SENIOR CLASS, '30

We began our years of instruction as amateur gondoliers in the fall of '26, and, though our crew has been lessened by the departure of a few of our fellow-oarsmen, we have become quite proficient in the handling of our gondola. Under the tutorship of our former sponsors: Mr. Cory, Mrs. McCurdy, Mrs. McNary, Miss Johnston, Mr. Cain and our present chiefs, Miss VanHorn and Mr. Craw, the majority of us are comparatively capable of "paddling our own canoes." With this hopeful outlook and with our gallant gondolas heaped high with sweet peas and with our blue and white flag bearing the words "Life is a picture, so paint it well" flying gaily from the prow of our ship, we are sailing through the last portal of our cruise, where we shall have to disembark on the path of life for which we have prepared.

## *Remember*

the day when we made the picture of Voyle's old Ford?. Well, I heard someone say, "I am delighted with my portraits."

No wonder—they were made at Hirshburg's. This is just one of the remarks we constantly hear, and it is just these expressions of perfect satisfaction that gives us the confidence that we can make the best photograph of you that you have ever had made in your life.

One sitting will convince you.
